To whom it may concern,

I received a Notice Letter dated 6/2 of plans for 33 Hickory Drive and wish to file an objection to this plan. I live at 30 Hickory drive - which is next door. If you face the house, I am on the right.

1. The design of the front does not look like a cohesive plan. There are two separate structures pieced together. It does not conform to the look on the street and specifically the culdesac with 3 other single floor ranch homes.
2. The layout shows a separate staircase to the bedroom over the garage. This suggests a separate residence for renting. Adding additional residents on this small property is a concern. There is limited space for parking and added vehicles on this street already present issues.

I recommend removing the second floor for this property.

Thank you,
